

Cambria Freeman.

EDENSBURG PA. THURSDAY, : : JUNE 24, 1869.

REGISTER AND RECORDER.—The subscriber respectfully announces himself as a candidate for the office of REGISTER AND RECORDER, subject to the decision of the Democratic County Convention. JAMES M. SINGER. Jackson Township, May 27, 1869.

REGISTER AND RECORDER.—I am a candidate for nomination for the office of REGISTER AND RECORDER, subject to the decision of the next regular Democratic County Convention. GEO. W. OATMAN. Edensburg, May 17, 1869-tc.

REGISTER AND RECORDER.—The friends of the undersigned offer him as a candidate for REGISTER AND RECORDER, subject to the decision of the Democratic County Convention. THOMAS MCKERNAN. Cambria City, May 17, 1869-tc.

COUNTY TREASURER.—The undersigned offers himself as a candidate for nomination for the office of COUNTY TREASURER, subject to the decision of the Democratic County Convention. GEORGE GURLEY. Edensburg, June 10, 1869.

COUNTY TREASURER.—We are authorized to announce WILLIAM LIND as a candidate for the office of COUNTY TREASURER, subject to the decision of the Democratic County Convention. DAVID TOBIN. Edensburg, June 10, 1869.

COUNTY COMMISSIONER.—The undersigned offers himself as a candidate for nomination by the approaching Democratic County Convention, for the office of COUNTY COMMISSIONER. If nominated he has no objection to his election, and if elected he has no objection to his ability to perform the duties of the office. DAVID TOBIN. Edensburg, June 10, 1869.

A CARD.—I take this method of announcing to the voters of Cambria County that I am a candidate for the office of COUNTY COMMISSIONER, subject to the decision of the Democratic County Convention. I have no objection to my election, and if elected I have no objection to my ability to perform the duties of the office. PATRICK DONOHOE. Allegheny Tp., May 13, 1869-51.

LOCAL AND PERSONAL.

Mr. David Mitchell, near Newville, Indiana county, gave birth on the 11th inst. to two boys and one girl; all four doing well.

Mr. Joseph S. Christy, of Gallitzin, Cambria county, is said to have been awarded a contract for constructing several miles of railroad in South Carolina.

Jonathan Field was yesterday killed, not so much by a piece of timber which fell upon him while working at a barn raising in Coleman township, Bedford county.

Hugh Moore, Esq., democratic candidate for county treasurer of Bedford county, was badly hurt the other day by a horse which he was leading, jumping upon him.

Mr. William Mitchell, coal dealer of Indiana, had his pocket picket of some ninety dollars while riding in the car from that place to Blairsville, on Monday morning of last week.

While engaged in felling trees near Greenville, Indiana county, on Tuesday of last week, James Campbell was so badly injured by the limb of a tree falling upon him that he died in a short time thereafter.

A little daughter of Mr. Robison, of Dunsmuirville, died a few days ago from eating a piece of bread spread with poison for the purpose of killing rats. Another daughter of the same family was expected with her life.

We are sorry to announce the death of Mr. Patrick McCormick, an old citizen of Summerville township. The deceased was a sober Christian, faithful husband, father and friend, an honest man and an upright citizen. Peace to his immortal soul.

The picnic at Mr. Samuel O'Hara's, on Wednesday morning of last week, attracted a number of participants was quite large, notwithstanding the threatening appearance of the weather during the morning. The picnic will be resumed next Saturday, when another pleasant time may be expected.

The Cresson Springs opened for summer guests on the 15th inst., and will doubtless be crowded throughout the season. Under the able management of Mr. Miller these celebrated Springs have become the most popular and desirable summer resort in the county.

Chaplain Davis has handed us for publication a very strong and characteristic communication, which has been unfortunately snowed out, although in type. We will probably give it a place next week. It is a perfect gem, and is as original as the best of our writers.

G. Nelson Smith, Esq., as original editor of the Allegheny Mountain Echo, Johnstown, has just been appointed editor and publisher of the Brookville Jeffersonian, he having purchased the Herald establishment there, and re-named the former name of the paper. Mr. Smith yields an able and trenchant pen, and promises to give the cause of democracy vigorous and consistent support.

Mr. Lawrence of the wholesale grocery firm of Lawson & Baker, Johnstown, called to see us one day last week, having thus far returned from a business visit to the north end of the county, where he assured us he met with very encouraging success. We found him a genial and sociable gentleman, and were glad to hear of the success of a member in well worthy the patronage of his neighbors.

The question of a telegraph line from this place to Cresson is again mooted, one of the gentlemen who last year attempted to secure capital for that purpose being again in our midst with a view to accomplishing the enterprise. We are told that very little more than was subscribed last year will be required from our citizens, and that the line will be put up without delay.

The dead body of Nelson Henry, Millwright on the Western Pa. R. R., was found near Apollo, Armstrong county, on Sunday last with a gunshot wound through the heart. The position of the gun when found indicated that he had committed self-murder. It is believed that insanity had been manifested by him for several weeks preceding his death. Three other suicides had been committed in the same neighborhood within ten days.

The entertainment given at the Court House on Tuesday evening by the great International Troupe of Vocalists, was well attended and highly appreciated. The second concert will be given at the same place on Thursday evening, and lovers of vocal melody should not lose the opportunity. An entertainment will be given at South Edensburg on Friday evening. A new programme for each evening.

Don't fail to attend the parlor concert of Mr. and Mrs. Kerr at the Court House this (Wednesday) evening. A choice programme is offered for the occasion, and they know how to render it in a most pleasing and artistic style.

We should ere this have acknowledged the receipt of an invitation to be present at the annual commencement of the Franklin College, Loretto, which takes place on Tuesday next, and which promises to be a brilliant and successful exhibition, as indeed it could not well fail to be considering the high position to which that popular institution has attained among first class colleges.

By the way, will some one competent to do so inform us why the close of a school is called a commencement? Mr. Jacob Luther, who had the misfortune to have his mill burned some time ago, designs holding a picnic on his premises in Susquehanna township, on Monday, the 5th of July, and hopes that his friends far and near will give him a rousing benefit.

A fine gold watch, a rifle gun, fresh milk cow, five head of sheep, and several other articles will be put up for chances on the occasion. Mr. Luther is a deserving man, and we hope that his friends will treat him as he deserves. A dinner will be prepared and every arrangement made for the enjoyment of all who see fit to attend.

A republican pole erected last fall in Franklin borough, this county, was recently purchased for the purpose of putting up a derrick at the new German Catholic church in Johnstown, and when the purchasers attempted to move it a crowd of republican men and women gathered about the workmen and prevented them from taking it away, declaring very vociferously that a "republican pole should not be used to help build a Catholic church." The Johnstown Democrat very properly remarks that "this not only shows the narrowness of the republicans in their moral ideas, but their proscriptive feelings and tendencies."

Rev. J. M. Mitchell, of Loretto, has done us the kindness to send us two complimentary tickets to a lecture by Rt. Rev. M. Donme, Bishops of Pittsburgh, in St. Mary's church in that place, on Sunday evening next, June 29th. Subject—"Revealed truths mirrored in the beauties of nature." The Rt. Rev. lecturer has a high ability and eloquent manner necessary to interest and instruct an audience, and the mention of his name in this connection will be sufficient to attract a full attendance on this occasion. A fine new bell recently purchased for the church will be blessed on the same day. Cards of admission only fifty cts.

HOMICIDE IN SUMMERHILL TOWNSHIP.—One of those shocking tragedies which so frequently occur in this county, and which do right, has its occurrence in Summerhill township on Tuesday night of last week, and resulted in the death, on Thursday morning following, of an inoffensive man named Jacob Sattlemoyer. The facts connected with this sad tragedy, so far as we have been able to learn them, are that a number of Mr. Sattlemoyer's neighbors had gathered at his house on Tuesday to give him a benefit in that town, and that a horse, having had the misfortune to rear a horse, a dance in the evening following as a matter of course, and four young men in the neighborhood, named Edward F. Burke, Lewis Delahunt, Reed McGough and James Keating, probably considering that they had been slighted in not having received an invitation, started from Wilmore, it is alleged, with the avowed intention of "taking the house." Be that as it may, the party had scarcely more than entered the premises when a disturbance occurred between Sattlemoyer and Burke, but they were soon parted and Sattlemoyer took up his position at once in his own door, doubtless with the intention of preventing the entrance of the attacking party. While standing there Burke picked up a piece of a hemlock board, some six feet long, and hurled it at Sattlemoyer, one end of which striking him in the stomach, and producing a fatal wound in the bowels, from the effects of which the unfortunate man died in thirty-four hours after receiving the fatal blow. Sattlemoyer resided for a considerable time in this community, where he followed the occupation of tinner, and was esteemed a sober, industrious and inoffensive man. He was not a member of any church, we believe, being a Catholic, and he had been received into the Catholic fold on his death-bed. He was a married man and the father of three children. A post mortem examination of the remains of the deceased were made on Thursday by Drs. Krise of St. Augustine and Chesnutwood of Wilmore.

Burke and his associates seem to have made no effort to escape. Delahunt was arrested in Wilmore and brought to jail here on Saturday by Officer William Lloyd, and the same evening the same officer returned with Burke, who had voluntarily given himself up. On Sunday forenoon the other two young men were brought to jail by officer Lloyd, having been arrested at their respective homes at an early hour that morning.

Neither of the parties implicated in the late resistance or objection to the mandate of the last, but quietly and peaceably submitted to their arrest and imprisonment. Of course there are a number of rumors afloat in connection with this lamentable tragedy, but it is not the province of a newspaper to give currency to any of them. The degree of guilt of the several parties implicated will doubtless be established before the proper tribunal.

AN IMPORTANT TRIAL.—The entire of last week was occupied by our Court of Common Pleas in the trial of a most important ejectment case, in which Murray Hoffman, Jr., was plaintiff and James and John McDermitt defendants. This case involved the title to some two hundred acres of land in Clearfield township, warranted in the names of Philip Wager and Hilary Baker, and was particularly important in the fact that large bodies of land in this county are held in relative position as to title, and the decision relative to this case would be viewed as a precedent in others of like nature which might follow. The plaintiff contended that the tract of land in dispute lay on the Clearfield creek, in this county, and was embraced in a tract of land warranted in the name of Thomas Koop, on which tract the defendants alleged they resided and that it was not interfered with by the claim of the plaintiff. The trial occupied the time of the Court from Monday afternoon until Saturday afternoon, the jury retiring at their room, after listening to a long and exhaustive charge from his Honor, Judge Taylor, and returning in about two hours with a verdict in favor of the defendants. The case was ably and admirably conducted by the counsel on both sides—Messrs. Blair, Johnston and Shoemaker for plaintiff and Messrs. Reade and Pennington for defendant. The jury was an intelligent body of men, and in point of nationality was very singularly constituted, it being composed of an equal number of Germans, Irish, Welshmen and persons of American birth. Of course this latter fact had no bearing on the result, but was nevertheless singular enough to be noted. A motion for a new trial was promptly made by the plaintiff's counsel.

Capt. T. H. Lyon, of Bedford, was seriously injured, a few days since, by being thrown from his horse against a tree.

SCHOOL FURNITURE AND APPARATUS.

We had the pleasure of an introduction, a few days since, to Prof. E. A. Rogers, who comes amongst us as agent for the firm of Wachob & McDowall, Scranton, Pa., manufacturers of the celebrated Excelsior School Apparatus and School Furniture. Among the articles for which Mr. Rogers is agent, and which he hopes to introduce to the favorable consideration of School Boards in this county, may be mentioned a complete line of both double and single desks, seats and chairs for school rooms, the Excelsior Globe for the better acquiring of a knowledge of geography, Charts of Penmanship, Reading Tablets, &c. We are not only convinced by observation, but by the testimony of friends whose judgment in such matters is worthy of consideration, that these goods are unequalled in manufacture, accuracy and design, while the scale of prices is certainly moderate enough to secure their sale in all districts competent to afford the outlay. It is fully to expect a teacher, no matter how competent, to convey to his pupils by mere force of words alone a correct knowledge of even the simplest branches of a common education, and it is next to impossible to impress such knowledge on the minds of scholars while their bodies are kept so ill at ease as they are by the miserably constructed seats and desks which have too long held sway in school rooms all over the land. Hence we say that Mr. Rogers should be welcomed as a benefactor, and no board of school directors anywhere should hesitate to purchase the apparatus and school furniture, suitable furniture, such as he is prepared to furnish, introduced into the schools of their respective districts, provided the necessary funds are obtainable for such a praiseworthy purpose.

To show that we are not speaking at random in regard to this important subject, we append the following recommendation voluntarily given by our County Superintendent, who is certainly competent to express an intelligent opinion in the matter: "Excelsior, June 17, 1869. The Excelsior Globe and P. D. & S.'s Charts of Penmanship, and the Reading Tablets, for which Prof. E. W. Rogers is agent, I have examined, and feel free to pronounce them among the best articles of school furniture with which I am acquainted. The next thing to live teachers in the schoolroom is proper school apparatus. I should be pleased to see our schools, as far as possible, supplied with the apparatus which Mr. Rogers has to offer, and which I believe we should be able to date greater success in our schools. T. J. CHAPMAN, A. M."

REAL ESTATE TRANSFERS.—The following Deeds and Assignments have been left for recording in the office of James Griffin, Esq., Register, during the week ending June 19th: James O. Fisher and others to John Weakland—100 acres in Susquehanna tp., June 18, 1869. \$100. John Weakland to Simon Weakland—100 acres in Susquehanna tp., June 12, '69. \$400. Joseph Croyle, Adm'r., to Eliza Croyle—100 acres in Susquehanna tp., March 8, 1869. \$200. Wm. Kittel, Trustee, to Paul McKenna—lot in Summerville, Sept. 7, 1869. \$20.71. M. M. Adams and wife to Paul McKenna—16 acres and 74 perches in Washington tp., Feb. 27, 1864. \$164.78. Gobart Bender and wife to Lewis Plack—46.08 square feet of land in Washington tp., April 7, 1869. \$650. Joseph Croyle, Adm'r., to Eliza Croyle—100 acres in Johnstown, April 9, 1869. \$1,200. Thomas Jenkins, Adm'r., to Isaac Edmunds—lot and improvements in Johnstown, June 7, 1869. \$1,328. James F. Fies and others to John A. Kennedy—24 acres in Susquehanna township, October 3, 1868. \$31.30. Edward McGraw and wife to Abel Lloyd—lot Edensburg, Aug. 3, 1868. \$300. John A. Blair, Sheriff, to John A. Kennedy—Carrolltown, March 12, '69. \$2,500. J. A. Kennedy and wife to George Snyder—2 lots in Carrolltown, June 12, 1869. \$387. Adam Leiden to Thomas Collins—63 acres in Chest township, June 7, 1869. \$3,000. Caroline Decker to John A. Kennedy—Black—25 acres and 4 perches in Summerville township, June 12, 1869. \$235.17. Wm. Tiley to Levinia Brown—56 acres and 83 perches in Washington township, July 10, 1869. \$1,000. Trustees of Congregational Church, Edensburg, to Chalmers T. Roberts—3 acres and 46 perches in Edensburg, May 22, 1869. \$630. Geo. M. Oulough to Otto Strain—210 acres in Washington township, June 18, 1869. \$3,500. The following deeds were acknowledged by the Sheriff of Cambria county on June 16th: John A. Blair, Sheriff, to John A. Kennedy—To Louis Berner and Jacob Fronhiser—lot and improvements in Conemaugh bor.—\$420. To Johnstown Mechanical Works—lot in Murrayville. \$250. To Henry Custer—lot in Edensburg borough. \$251. To Henry Custer—lot in Franklintown, Conemaugh township. \$655. To Birmingham and Stonebeck—162 acres in Washington township. \$1,400. To Albert Watt—lot in Summerville borough. \$110.

OUR COUNTY POOR HOUSE.—The following presentation of the condition of our County Poor House was made by the last Grand Jury, and although the Court declined to act if not in word to comply with the demand to have it published, a certified copy was obtained from the Prothonotary's office and inserted in last week's Alleghenian. It is due to Col. McDermitt, the Steward of the Poor House, to say that he denies in toto the charges made in the presentation, and his assertions as to the falsity of the statements are borne out by the fact that the previous Grand Jury reported favorably on the condition of that institution, and the Alleghenian itself not long since published an article highly laudatory of Col. McDermitt's management of the Poor House. Of our own knowledge we know nothing in regard to the questions at issue, except that we saw outside grounds and the necessary out house for insane females, several of whom occupied the grounds during a visit made by us only last summer. We publish the presentation because we believe that neither a true or false statement emanating from such a source would be any less damaging, after the publicity it has received, because we saw fit to withhold it from our readers.

We, the Grand Jury at June Sessions, 1869, of Cambria county, Penna., inquiring for the body of the said county, do present that having visited the Poor House of the said county, they find the buildings in very bad condition, as well as the surroundings. That the apartment for insane women is without ventilation and very dirty, no outside ground being arranged for them. That the inmates who are insane are, if possible, in worse condition. As to the building, on the north east angle of the building, the spouting having failed, the water has come on the wall, one-half of which is destroyed in the space of two feet, and the water should be conveyed, is choked up with human excrement and other filth. A hole is cut in the floor of the insane department a foot square, which has been made to answer all the purposes of a privy. The sink or sluice at the kitchen door is filthy beyond description. We decline to dwell on the subject at any greater length.

We require and ask that this be published in the papers of this county. JOHN THOMPSON, Foreman.

FOURTH OF JULY.—Flags of Silk, Muslin, Bunting, &c., all sizes. Send for price list to John W. Pitcock, Pittsburgh, Pa. 21.

Local Correspondence.

JOHNSTOWN, June 21, 1869. Friend Mac—Our locals this week consist of rains, rains, and storms, storms. We could not count how many times it rained the past week, and when it did rain it beat "wild cat" all hollow, and seemed for the time as if it would supercede that institution.

A gentleman, named Elliot, from Pittsburgh or Allegheny city, brought two ear loads of flowers to each one of each. We could not count how many times it rained the past week, and when it did rain it beat "wild cat" all hollow, and seemed for the time as if it would supercede that institution.

A German laborer in the employ of Mr. Hamilton, a farmer residing a few miles below this city, had been on a tree on the premises of the latter gentleman, on Saturday evening last. He had been somewhat deranged in mind for some time previous to the commission of this act of self-murder.

A lovely and interesting little daughter of Mr. William Bartley, of this city, met with a sad death on Monday evening last. Her sister was preparing coffee for supper, and gave the child a grain, which she attempted to swallow, but it lodged in her throat and strangled her to death before anything could be done to dislodge it.

An athlete named John Sheffield performed some unparalleled feats here on Monday evening. He walked half a mile, walked back a carriage wheel half a mile, walked back a mile, ran half a mile, picked up twenty stones each placed one yard from the other, hopped fifty yards on one leg, leaped over ten hurdles ten yards apart, picked up fifteen eggs, one yard apart, with his mouth, and carried each one back singly to the log without using his hands, and then he ran six pounds weight over his head for twenty-eight minutes time. Over two thousand persons witnessed the feats.

CO-PARTNERSHIP.—We are pleased to learn that our young friend, Mr. J. M. Montgomery, late of No. 6 Smithfield Street, Pittsburgh, has formed a business connection with Mr. Peter Schlegel, of No. 337 Liberty Street, under the name of Montgomery & Schlegel. The new firm will confine their business to the sale of Flour and Produce, they have now on hand and receiving daily some of the best brands of Flour in that market, and are selling at lower prices than any other house in the city. They are also prepared to receive consignments of produce or fill orders for the same, and we feel confident that shippers will find it to their interest to send their goods to them if they wish prompt sales and quick returns. Bakers of Flour and Produce will find it to their advantage to call and examine their prices before making their purchases elsewhere, as they are now offering first class brands of Flour at prices other houses are asking for an inferior article. Read their advertisement in another column of our paper, and when in the city call and see them at No. 337 Liberty street, Pittsburgh, Star (7) Front.

PLASTER.—We made a mistake last week in announcing that Mr. Geo. Hunter, was prepared to furnish lime in large or small quantities. We should have said plaster instead of lime, and as that article is much cheaper because much less is needed for the purpose, farmers and other users of the earth should not fail to make use of it now that they can buy it so near home and at such a moderate outlay of cash.

ECLIPSE.—A total eclipse of the sun, visible throughout the United States and New Jersey, is promised for the 7th of August. A total eclipse of everybody who sells goods of any kind is not only promised but accomplished all the time at the recently enlarged and much improved cash store of H. A. Shoemaker & Co. There is an abundance of room and no scarcity of bargains for every person who calls.

GO AND SEE.—Or if not willing to go yourself, send your wife, daughter, mother, sister or somebody else, to see the fine assortment of goods in the store of H. A. Shoemaker & Co. disposed of before the first of July, and is positively selling at the lowest of low prices. Mr. Davis wants to move, and as the money is easier to carry than the goods, he proposes a fair exchange to all his customers.

STILL THE PLACE.—New stores have since been started and old ones have made greater efforts to secure additional trade, yet the recently established dry goods and grocery store of A. G. Fry has continued none the less to prosper and increase in popularity. Better goods at lower prices are not sold anywhere, and of course everybody considers it their interest to buy from Fry.

CAN'T BE BEATEN!—What can't! Can't be rivaled! What can't! Can't be approached for beauty of style! What can't! Why Leopold Mayer's new summer dry goods, dress goods, and fancy goods. And such a lot! A perfect car load of choice dry goods and notions, by the price of dry goods merchants, Leopold Mayer.

LIGHT SUMMER GOODS.—John J. Murphy & Co., Houston House, Johnstown, keep constantly on hand and are daily ordering light and cool dry goods and notions, such as sell like hot cakes. They just got in strawberries. They have some of the choicest styles in the market, and are selling at the lowest rates. All kinds of reasonable dry goods kept on hand.

COMFORTABLE.—During the warm weather what could be more comfortable than the comfortable summer coats found in the New York Clothing Hall of L. Cohen & Brother, Main Street, Johnstown. They make ready to order, younger and better, more especially if tipped with a fine summer hat. All kinds of summer goods cheap.

NOW IS THE TIME.—The present alone is with us. It will be no use to grow next winter and say you had no summer suit when you see a dollar. Go to Leopold & Brother, Oak Hall, and buy an entire summer suit for about five dollars, put it on and you will feel summer all over. Leopold & Brother, Main Street, Johnstown.

THE AMERICAN STAR.—That was a rousing piece of original poetry published last week by us on the outside, called "The American Star." That is the star which is the sign of J. J. Murphy's Clothing Store, Clinton street, Johnstown, where choice 4th of July clothing can be had cheap as cheese.

BASE BALL GOODS.—Caps, Belts, Balls, Bases, Flags, Score Books, Spiked Shoes, &c. Croquet Sets for \$6, \$8, \$10, \$12 and \$15. Send for price list to John W. Pitcock, Pittsburgh, Pa. [June 24-4tcw.]

(J. C. Esley, Attorney-at-Law.) ESTATE OF MARY AUTENBERGER, DEC'D.—Notice is hereby given that Letters of Administration on the estate of Mary Autenberger, late of Carroll township, dec'd., have been granted to the undersigned, who hereby notifies all persons indebted to said estate that payment must be made without delay, and requests those having claims to present them properly authenticated for settlement. PAUL YAHNER, Adm'r. Carroll Tp., June 24, 1869-6c.

GROVER & BAKER'S

FIRST PREMIUM ELASTIC STITCH FAMILY SEWING MACHINES, 495 BROADWAY, NEW YORK. 730 Chestnut St., Philadelphia.

POINTS OF EXCELLENCE. Beauty and Elasticity of Stitch. Perfection and Simplicity of Machinery. Using both threads directly from the spools. No fastening of seams by hand and no waste of thread. Wide range of application without change of adjustment.

THE VERY HIGHEST PRIZE, THE CROSS OF THE LEGION OF HONOR, was conferred on the representative of the GROVER & BAKER SEWING MACHINES, at the Exposition Universelle, Paris, 1857, for attaining their great superiority over all other Sewing Machines. For sale by C. T. ROBERTS, Edensburg.

THE REASONS WHY.—Some of the reasons why Dr. Roback's Blood Pills should be kept in every family are: Because they can be employed in all cases where a "family physic" is required, and are perfectly safe in their administration at all times. Because they act promptly in removing all obstructions from the bowels, affording immediate relief in cholera or other pains. Because they are a Liver Pill, acting directly on the spleen and liver, removing the bile and assisting digestion.

Because! in taking them they do not interfere with the regular avocation of the patient, or leave the bowels constipated. Because! they are made both with and without sugar coating, thus adapting themselves to the use of every body. Because! they being purely vegetable are perfectly harmless, and can be taken by children or adults at all stages or periods of life.

Because! they are especially adapted to the use of persons of sedentary habits, and to the use of females about to become mothers. Because! they are what their name indicates, a Blood Pill, searching out diseases of the blood, lessening the system in the full vigor of health. Because! they are perfectly gentle in their operation, causing no griping, and are a safer, surer, and every way better purgative pill than has ever before been offered to the public.

Because they are a Liver Pill, acting directly on the spleen and liver, removing the bile and assisting digestion.

Because! in taking them they do not interfere with the regular avocation of the patient, or leave the bowels constipated. Because! they are made both with and without sugar coating, thus adapting themselves to the use of every body. Because! they being purely vegetable are perfectly harmless, and can be taken by children or adults at all stages or periods of life.

Because! they are especially adapted to the use of persons of sedentary habits, and to the use of females about to become mothers. Because! they are what their name indicates, a Blood Pill, searching out diseases of the blood, lessening the system in the full vigor of health. Because! they are perfectly gentle in their operation, causing no griping, and are a safer, surer, and every way better purgative pill than has ever before been offered to the public.

Because! they are especially adapted to the use of females about to become mothers. Because! they are what their name indicates, a Blood Pill, searching out diseases of the blood, lessening the system in the full vigor of health. Because! they are perfectly gentle in their operation, causing no griping, and are a safer, surer, and every way better purgative pill than has ever before been offered to the public.
